

# **ADAT Tutorial Readme File**

## Welcome

Welcome to the ADAT Tutorial. The Tutorial will show you the software that will administer your exam. Samples show a variety of question types, one or more of which will be used in your exam. This document explains how to install and run the ADAT Tutorial.

#### **Minimum System Requirements**

Before installing the ADAT Tutorial, make sure your computer meets the system requirements listed below. The software is not designed to install and run properly on systems that do not meet these requirements.

- Pentium III PC or compatible, 1 GHz (Pentium 4, 2 GHz recommended). Macintosh computers are not supported.
- 512 MB of RAM
- 60 MB of empty hard disk space
- Microsoft Windows XP or 2000 (home or professional version), English edition. The content appears only in English.
- Microsoft Internet Explorer 5 or higher
- Super VGA (800 x 600) or higher resolution monitor (1024 x 768 recommended), with high color (16 bit)
- Microsoft compatible mouse or pointing device
- Internet access is not required when viewing the tutorial or demonstration tests.

## Install the ADAT Tutorial

The installation process is quick and easy. Just follow the instructions on the computer screen. The

process is also outlined for you here.

- 1. Click the ADAT Tutorial download link.
- 2. Double-click the ADAT.msi file. The Security Warning screen displays

#### 3. Click Run

4. Click on Next

5. The License Agreement screen displays. Read the agreement. You can read the agreement on your screen or click Print to print a copy.
